VINCENNES NURSERIES

W. C. REED & SON, Proprietors

Phone 196

Vincennes, Indiana

Located 2½ miles east of Union Station on Louisville Paved Road Special attention given Automobile Trade.

General Line of Fruit Trees, Shrubby, Shade Trees and Small Fruits

Largest growers of Fruit Trees in Indiana.
Largest growers of Cherry Trees in the World.

First Propogater of Hardy Northern Pecans

Descriptive Catalogues furnished on application.

TERMS—Cash with order, or on large orders one-fourth cash, balance on arrival. No orders accepted for shipping for less than \$3.00.

IMPORTANT—We box and pack free all boxes and bales paper lined as protection against drying or freezing. We do not replace stock that fails to live. All stock is delivered to shippers in first class condition; having no control over the weather or the care that same receives after leaving our hands, we can not guarantee the growth.

State Entomologist's Certificate on all shipments.

SPECIAL RATES

1000 rate 300 or more not less than 10 of a variety
100 rate 30 or more.

10 rate 10 or more of a kind.

Each rate when less than 10 of a variety.

NON WARRANTY—If any nursery stock sold by us should prove untrue to name under which it is sold, we hereby agree on proper proof of such untruthness to name to replace such stock as originally ordered or to refund the purchase price. Except for such liability, and in respect to all nursery stock sold by us, we give no warranty, or undertaking express or implied, as to description, quality, growth, productiveness, or any other matter.

ORDER EARLY—Owing to shortage of seedlings and light planting by nurserymen generally there is a pronounced shortage in all kinds of Nursery Stock caused by the War and climatic conditions. This shortage will become more severe in the next few years. Demand is also very heavy and prices for fruit the best ever known. It will pay all planters to place their orders early as many were disappointed last year and are sure to be before the season is over again if they delay. Nursery stock is produced slowly, hence it takes several years to build up a stock. Our stock is the largest we have had for several years, but orders are more than double at this date.
